

WOLSEY HOUSE PRIMARY SCHOOL

Policy for Spiritual, Moral, Social and Cultural Development (SMSC)

HEADTEACHER: MRS H.M. KING
CHAIR OF GOVERNORS: MR M PEATFIELD

Spiritual, Moral, Social & Cultural Development (SMSC)

We are aware that we have a statutory duty under section 78 of the Education Act (2002), as part of a broad and balanced curriculum, to promote the spiritual, moral, social, and cultural (SMSC) development of pupils and prepare them for the opportunities, responsibilities and experiences of later life.

We consider the children's spiritual, moral, social and cultural development to be at the centre of our school ethos and the responsibility of the whole curriculum.

We strive to provide and maintain for our pupils an education that provides opportunities so that they can explore and develop their own values and beliefs, spiritual awareness, high standards of personal behaviour, a positive caring attitude towards other people, an understanding of their social and cultural traditions and an appreciation of the diversity and richness of other cultures.

We believe spiritual, moral, social and cultural development is promoted through the school ethos, the climate of the school, collective worship, all curriculum areas, the school behaviour code, extra-curricular activities and circle time activities.

We acknowledge the guidance 'Promoting fundamental British values as part of SMSC in schools' (DES November 2014) that requires us to actively promote fundamental British values.

We acknowledge the DES guidance 'Promoting fundamental British values as part of SMSC in schools' (November 2014) that requires us to actively promote fundamental British values.

We believe British values are best defined as 'democracy, the rule of law, individual liberty, mutual respect and tolerance of different faiths and beliefs' although these values are not actually unique to Britain alone.

We have a duty to actively promote and embed these values and to challenge pupils, school personnel or parents who express extremist views contrary to fundamental British values. We want to ensure pupils are prepared for life in modern Britain by the active promotion of and respect of British values.

All school personnel are reminded to maintain high standards of ethics and behaviour within and outside school and not to undermine fundamental British values.

We strive to:

- enable pupils to develop their self-knowledge, self-esteem and self-confidence;
- enable pupils to distinguish right from wrong and to respect the civil law and criminal law of England;
- encourage students to accept responsibility for their behaviour, show initiative, and to understand how they can contribute positively to the lives of those living and working in the locality of the school and to society more widely;
- enable pupils to acquire a broad general knowledge of and respect for public institutions and services in England;

- further tolerance and harmony between different cultural traditions by enabling pupils to acquire an appreciation of respect for their own and other cultures;
- encourage respect for other people; and
- encourage respect for democracy and support for participation in the democratic processes, including respect for the basis on which law is made and applied in England.

(Promoting British values as part of SMSC (DES))

We have a duty to safeguard children, young people and families from violent extremism. We are aware that there are extremist groups within our country who wish to radicalise vulnerable children and to involve them in terrorism or in activity in support of terrorism. Periodic risk assessments are undertaken to assess the risk of pupils being drawn into terrorism. School personnel must be aware of the increased risk of online radicalisation, and alert to changes in pupil's behaviour. Any concerns will be reported to the Designated Safeguarding Lead.

We are aware that under the 'Counter-Terrorism and Security Act 2015' we have the duty to have 'due regard to the need to prevent people from being drawn into terrorism'. This duty is known as the Prevent duty and we believe it is essential that school personnel are able to identify those who may be vulnerable to radicalisation or being influenced by extremist views, and then to know what to do when they are identified.

We provide a safe environment where we promote pupils' welfare. Within this environment we work hard to build pupils' resilience to radicalisation and extremism by promoting fundamental British values and for everyone to understand the risks associated with terrorism. We want pupils to develop their knowledge and skills in order to challenge extremist views.

We aim to be judged at least good in all school inspections by ensuring that standards for all pupils are higher than schools of a similar size and that standards continue to improve faster than the national trend. We believe we will achieve this by ensuring we promote the spiritual, moral, cultural, mental and physical development of pupils.

We wish to work closely with the School Council and to hear their views and opinions as we acknowledge and support Article 12 of the United Nations Convention on the Rights of the Child that children should be encouraged to form and to express their views.

We as a school community have a commitment to promote equality. Therefore, an equality impact assessment has been undertaken and we believe this policy is in line with the Equality Act 2010.

We all have a responsibility to ensure equality permeates in to all aspects of school life and that everyone is treated equally irrespective of age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation. We want everyone connected with this school to feel safe, secure, valued and of equal worth.

We acknowledge the findings of the Race Disparity Audit that clearly shows how people of different ethnicities are treated across the public services of health, education, employment and the criminal justice system.

The educational section of the audit that covers: differences by region; attainment and economic disadvantage; exclusions and abuse; and destinations, has a significant importance for the strategic planning of this school.

We believe it is essential that this policy clearly identifies and outlines the roles and responsibilities of all those involved in the procedures and arrangements that is connected with this policy.
